CodeRED Inyo County's Emergency Notification System

Inyo County, CA. April 22, 2019 – The Inyo County Sheriff's Office would like to remind residents and business owners within Inyo County to sign up for our CodeRED alerting system. CodeRED is the number one mechanism for informing you during a local emergency or disaster.

CodeRED is an opt-in, high-speed notification solution that quickly delivers emergency messages to targeted areas or the entire county. Because the notifications are geographically based, a street address is required to ensure emergency notification calls are received by the proper individuals in a given situation.

Signing up for CodeRED is simple. Either click on the CodeRED link on the Sheriff's webpage, www.inyosheriff.org, click the "Sign Up" button on the Sheriff's Facebook page, or you can stop by any of our substations and pick up an enrollment form (between the hours of 8:00am and 4:00pm).

If you have signed up in the past, but your phone number changed, or you moved to a different location you must sign up again with your most current information.
